

Mydesk User Guide

Welcome to Fastmarkets Mydesk

Fully configurable and customisable.

You control what you want to see, where you want to see it, and how you want to see it.

Fastmarkets Mydesk puts you in charge of your desktop.

- Fully configurable - You choose what to display on the desktop and where to display it.
- Fully customisable - You choose the colours and font sizes.
- Move parts around the screen – Our new “Free Format” tab enables you to size and position your data with unmatched flexibility.
- Minimize parts - Hide data not frequently used.
- Control the news - You decide what the news should show, for example Copper news, Gold news, Nickel and Zinc News etc.
- User Defined Tabs - Create your own additional tabs to show any data you like.
- Content Finder - Access content based on type e.g. Prices, (LME, COMEX, SHFE, MCX), News, LME Reports, Videos.
- Messages - Messages will be displayed automatically to alert you of any issues, for example if connectivity to any of the exchanges is lost.
- My Prices - Create your own price parts, where you can group prices together that you are interested in.
- My Alerts - Setup alerts (SMS, Email, Desktop) to alerts you when prices trigger a certain level, or news for certain keywords hits our newswires.
- My Account - View details of your account, features you have access to, your account manager, your account expiry etc.

Fastmarkets Mydesk

The screenshot shows the Fastmarkets Mydesk interface with several panels and callouts:

Tabs

Fastmarkets Mydesk is based around a series of tabs, which you are allowed to configure and customize yourself. You can also create completely new tabs to your own specifications.

To select a tab simply click on it. The content you have selected to display on that tab will be displayed.

The screenshot shows the Fastmarkets Mydesk interface with a top navigation bar containing 'Contact Us | About Us | Help' and 'EN FR IT ES CN TW'. On the right, there is a 'Subscribers Login' link and 'My Account' with a 'Logout' button. Below the navigation bar is a row of tabs: 'Advanced', 'N.America', 'Asia', 'Euro', 'Standard', 'News', 'Research', 'Physicals', 'Non-ferrous Scrap Physicals', 'Ferrous Scrap Physicals', 'Minor Metals', 'LME Tools', 'Treasury', 'Precious Metals', and 'Charts'. The main content area is divided into several panels:

- Forward EUR/USD Outrights & Points:** A table with columns for Bid, Ask, Fwd Bid, and Fwd Ask, listing various Euro Forward contracts (TN, W1, M1, M2, M3, M6, Y1) with their respective rates.
- Major Spot FX Rates:** A table with columns for Bid, Ask, +/-, %, High, and Low, listing major spot rates for EURUSD, USDJPY, GBPUSD, AUDUSD, USDCFH, USDCAD, USDINR, and USDZNY.
- CME COMEX Futures Summary:** A table with columns for Last, +/-, High, and Low, listing futures prices for COMEX Copper Active (H9), COMEX Gold Active (G9), COMEX Silver Active (H9), and NYMEX Platinum Active (J9).

The column widths can be resized by clicking on, and dragging left or right, the vertical bar that separates each tab.

When the column is at the required width let go of the mouse button, the columns will resize and the settings be saved for your next visit.

This screenshot shows the Fastmarkets Mydesk interface with a similar top navigation bar. The main content area is a grid of several data panels:

- LME Official Prices (USD/Tonne):** A table with columns for Cash Ask and 3M Ask, listing prices for Copper, Aluminium, Zinc, Lead, and Tin.
- LME Warehouse Stocks:** A table with columns for Close, In, Out, and +/-, listing stock levels for Copper, Aluminium, Nickel, Zinc, Lead, and Tin.
- LME Volumes:** A table with columns for Prev. Day Vol. \$, Prev. Day Vol. €, Prev. Day Vol. £, and Prev. Day Vol. ¥, listing trading volumes for Copper, Aluminium, Nickel, Zinc, Lead, and Tin.
- CME COMEX Futures Summary:** A table with columns for Bid, Ask, Last, +/-, Vol, and Settle, listing futures prices for various COMEX metals.
- CME COMEX Copper Futures Strip (USD/Pound):** A table with columns for LDN, Bid, Ask, LDN, Last, LDN, +/-, High, Low, Vol, and Settle, listing strip prices for various months.
- CME COMEX Copper Key Spreads (USD/Pound):** A table with columns for LDN, Bid, Ask, LDN, Last, LDN, +/-, High, Low, Vol, and Settle, listing key spreads for various months.
- Major Spot FX Rates:** A table with columns for Bid, Ask, +/-, High, and Low, listing major spot rates.
- Top Reports:** A section with a search bar and a list of recent news items.
- Latest News:** A section with a search bar and a list of the most recent news items.

 A vertical bar is visible between the LME Official Prices and LME Warehouse Stocks panels, which is used for resizing columns.

Adding a new tab

From any existing tab on your account, click on the black + icon at the far right end of the tab listing. You will also see the hover-over text "Create a new tab".

When you click on the **black + icon** you are offered options to set up your new tab including naming the new tab and setting the data layout format.

Settle	LDN	Bid	Ask	+/-	High	Low	
2.7190	18 Jan	EURUSD	1.1375	1.1375	0.0015	1.1391	1.1364

You have the choice of a single column or multiple columns (2, 3 or 4). Whilst you can vary the relative width of these columns they are fixed in width down the whole length of the tab. We have also now added a Free Format option.

Bid	Ask	Last	+/-	Vol	Settle	LDN	Bid	Ask	+/-	High	Low	
2.6920	2.6925	2.6920	-0.0270	15044	2.7190	18 Jan	EURUSD	1.1374	1.1374	0.0014	1.1391	1.1364
1278.2	1278.3	1278.3	-4.3	58374	1282.6	18 Jan	USDJPY	109.62	109.62	-0.16	109.72	109.46
15.255	15.260	15.260	-0.139	15139	15.399	18 Jan	GBPUSD	1.2856	1.2857	-0.0016	1.2878	1.2830
2038.3	2053.8				2046.8	26 Apr	AUDUSD	0.7158	0.7158	-0.0009	0.7179	0.7149
(N6)					0.06993	29 Jul	USDCAD	1.3293	1.3293	0.0041	1.3294	1.3251

Give the new tab a relevant name, select your format preference and click on the **green tick icon** to save the new tab.

Adding content to a new free format tab

Use the  icon at the bottom right hand corner of any part to click on and resize the part

13510.00	-70.00	62
13595.00	-120.00	64
13650.00	-155.00	40
13690.00	-70.00	32

Repeat the process to add additional parts with different sizes and widths to create a flexible free format tab like the one below:

The screenshot shows a browser window with two tabs. The left tab is titled 'Latest News' and contains a search bar and a list of news items. The right tab is titled 'SHFE Aluminium Futures Strip (Yuan per tonne)' and displays a table of futures prices.

SHFE Aluminium Futures Strip (Yuan per tonne)

	Bid	Ask	Last	+/-	
SHFE Aluminium Feb 19	13470.00	13485.00	13485.00	0.00	403
SHFE Aluminium Mar 19	13525.00	13535.00	13535.00	0.00	183
SHFE Aluminium Apr 19	13545.00	13550.00	13545.00	0.00	519
SHFE Aluminium May 19	13540.00	13550.00	13545.00	0.00	403
SHFE Aluminium Jun 19	13550.00		13550.00	0.00	112
SHFE Aluminium Jul 19			13595.00	0.00	20
SHFE Aluminium Aug 19			13655.00	0.00	15
SHFE Aluminium Sep 19			13710.00	55.00	2
SHFE Aluminium Oct 19			13755.00	35.00	
SHFE Aluminium Nov 19		14270.00	13870.00	95.00	
SHFE Aluminium Dec 19	13505.00		13890.00	175.00	

Below the table, there are two sections: 'LME Monthly Average Futures Volumes' and 'SHFE Active Contracts'.

Adding content to a new fixed column tab

Follow the same process to set up a new 3 column tab for example and open the content finder from the left hand margin of your screen

Here we have expanded the LME Reports content. Each item has a series of icons depending on how you want to open the content. If you see a padlock, it simply means your subscription level does not give you access to this content; contact your account manager to arrange access.

To open content in a popup click the  icon, the content will launch in a popup window.

To add content to a column on the currently selected tab click one of the tab icons . Each icon has a number on it indicating which column the content will be added to. So clicking the  icon will add the content to the second column of the currently selected tab.

You may need to close the content finder to be able to see the content you have added. When you have finished, close the content finder by clicking on the "Content Finder" in the top right of the Content Finder. The content finder will slide back over to the left hand side of the screen.

Select from the list below the content to display on the tab you have currently selected.

Content is organised by type. Click the arrow to expand the type and see what content is available.

To add the content to your tab simply click on the tab  icon adjacent to that content. The number in the tab icon indicates which column on the tab the content should be placed. The next time you visit this tab or refresh the page the content will always appear on the selected tab in the column you specified.

To open the content in a new window (popup) click the popup  icon.

Content Parts

Each column on a tab contains many parts. In fact it can contain as many parts as you want. Each part holds a specific piece of content.

The colour of the border of the part indicates the type of content:

- Ferrous and non-ferrous content - grey
- Precious metals content - orange

Some parts (News & Prices, LME Warehouse Stocks, LME Official Prices) will refresh their data automatically.

Customizing content parts

Any data part that you add into your FM Professional tabs can be customised to your exact requirements. To help guide users through this process we have introduced a range of new icons that sit at the top right hand corner of any data part.

Customizing content parts

These icons are:

 "Customise this part". Which takes you to the existing menu options for customising a data part including adding or removing fields from the part, adding or removing instruments from the instrument catalogue and options for changing the style of the part (fonts, font sizes and colours etc).

 "Refresh this part". To refresh the data in a part where the feed is not live.

 "Minimise this part" This leaves the data part Header line and title but hides the data on your screen.

	Vol
	64126
	40828
	22120
13335.00	-5.00
13335.00	-20.00
	18900

SHFE Aluminium NOV 19	13370.00	13375.00	13690.00	-50.00	40
SHFE Aluminium Dec 19	13645.00	13690.00	13690.00	-70.00	32
LME Monthly Average Futures Volumes  					
SHFE Active Contracts  					
SHFE Base Metals (Yuan / tonne)    					
	Bid	Ask	Last	+/-	Vol
SHFE Copper Feb 19	47110.00	47120.00	47120.00	130.00	11480

 "Open this part". Click on this icon to re-open a minimised data part to view the data or edit it.

For example in the image below LME Monthly Average Futures Volumes and SHFE Active Contracts have been minimised.

Customizing content parts

When you open a minimised part in a Free Format tab the data from that part will appear over other data parts on the tab below it. This is different from the behaviour on fixed width column tabs where opening a part moves all information on the tab below it down to leave it in view if you scroll further down the screen.

 "Remove this part". Removes a part from the tab completely.

Moving content parts

Parts can be easily moved to other columns on the screen. They can be inserted in between other parts, at the top or bottom of any column. To do this simply click on the header of the part and keep your mouse button pressed. The cursor will change to a move  cursor.

Now move your mouse over the column you want to move the part to. As you move over parts in that column a space will appear as a dashed box for you to drop the moving part into. Release the mouse button to drop the part into the space provided.

In this example we are moving a news part from the middle column to the left column.

The settings will be saved for your next visit.

Size	Bid	Ask	Size	Last	+/-	Vol

My prices

Fastmarkets Mydesk allows you to create your own Price Parts, where you decide which instruments to display in the price part, and the order they are to be displayed in. This would enable you to create your own price part with all the contracts you are most interested in and place it on any tab. You can create as many price parts as you have space for.

MyPrice price parts are saved and accessed from the Content Finder.

Just like other content parts, they have the same icons to add them to columns on your tabs or open as popups. Click the  icon to delete the price part, if you no longer need it.

To create your own MyPrices part, click the  icon next to the Create my own customised prices link.

There are only 4 steps required to create a MyPrice part. The first is to select a name for it, which will be used in the content finder.

	Size	Bid	Ask	Size	Last	+/-	Vol
LME Cu 3M	1	5987.50	5988.50	2	5987.50	-68.50	6072
LME Al 3M	8	1859.50	1860.50	5	1859.50	-10.50	4679
LME Ni 3M	14	11770.00	11775.00	6	11770.00	-40.00	2192
LME Zn 3M	1	2570.50	2571.50	20	2571.00	-10.00	3574
LME Pb 3M	2	2004.00	2005.50	1	2006.00	11.00	1471

Select from the list below the content to display on the tab you have currently selected.

Content is organised by type. Click the arrow to expand the type and see what content is available.

To add the content to your tab simply click on the tab  icon adjacent to that content. The number in the tab icon indicates which column on the tab the content should be placed. The next time you visit this tab or refresh the page the content will always appear on the selected tab in the column you specified.

To open the content in a new window (popup) click the popup  icon.

My prices

The next step is to select and add the instruments to your MyPrices part.

Instruments are grouped according to type, which can be selected from the Instrument Type drop down list.

Some instrument types have a lot of instruments, so these are sub divided further by commodity, which can be selected from the Commodity drop down list. Finally select the instrument in the Instrument drop down list.

Use the "Add Instrument" link to add the instrument to the list on the right hand side. In this example we have selected two instruments.

To remove a selected instrument from the list, click on it, then click the "Remove Instrument" link

Click "Next" to go to the next step

Create and Modify My Prices

Follow the steps below to create a price panel to display on your screen, on any tab, and as a popup

- 1 Caption
- 2 Select Instruments
- 3 Select Fields
- 4 Select Styles

Use the drop downs below to find the instrument you need. Click 'Add Instrument' to add to the list of selected instruments. Click 'Next' when you are finished.

My prices

This step allows you to decide which fields to display data for, and the order these fields are to appear.

Click a field to select it, then enter a number to indicate the order that field should appear. In this example we have selected three fields to appear in the order Bid, Ask, and Bid Size. To de-select a field simply click it again

Create and Modify My Prices

The final step is an optional step and can be skipped. It allows you to adjust the colours and fonts that should be used on this MyPrices part. Colours and fonts can be set differently for the field headings, the instrument names and the actual data.

Click the "Save My Prices" link to save your new MyPrices part. You will get a popup message when it has been created. The content finder will automatically close and refresh, then you can find your new MyPrices part under MyPrices heading in the Content Finder.

My links

Fastmarkets Mydesk allows you embed third party websites as External Link Parts. These might be websites that show specific data that FM Pro may not normally carry, but you still want to be able to see that data along with the rest of your data.

This can easily be achieved by creating an external link part, from the Content Finder.

Each part can have a specific height and width, can have the scroll bars switched off, and can be set to automatically refresh its content. In addition, if the data you want to display only forms a small portion of the website, you can set the Scroll Left and Top values so only that portion of the page you are interested in is displayed.

Create a new external link.

- My External Links**
- My RSS Readers
- My Instruments
- My Constants

Data tools and Calculators

- Charting Tools
- Download DDE Server

Once the link part is created you can edit the settings by choosing "Edit External Link" from the Link Part menu.

My messages

From time to time we will send you messages that will automatically appear on your desktop in the Messages tab, on the left hand side of the screen.

The messages will slide out from the left hand side. To access your messages at any time, simply click on the Messages tab to slide it out.

Messages you may receive could be about new features on our services, exchange information, or notifications of any issues we may be experiencing.

We use it as an important mechanism to keep in touch with our customers.

Click the right hand edge of the messages tab to slide it across to the left and hide it.

The screenshot displays the Fastmarkets website interface. At the top, the Fastmarkets logo is visible. Below it is a navigation bar with tabs: Advanced, N.America, Asia, Euro, Standard, News, Research, Physicals, Non-ferrous Scrap Physicals, and Ferrous. The Messages tab is highlighted and expanded, showing a message that says "You have no messages." A purple callout box points to the right edge of this tab, indicating how to slide it out. Below the Messages tab is a Content Finder section with a table of LME prices:

Content	Quantity	Price 1	Price 2	Price 3	Price 4	Price 5	Price 6
LME Sn 3M	3	20575.00	20595.00	1	20580.00	-35.00	104
LME AA 3M	5	1430.00	1450.00	1			
LME NA 3M	5	1410.00	1425.00	25			
LME Co 3M			45000.00	1			
LME Mo 3M							

Below the Content Finder are sections for "Forward EUR/USD Outrights & Points" and "LME Official Prices". On the right side of the interface, there are sections for "Top Reports" with a search bar and a list of news items, and "Major Spot FX Rates" with a table:

	Bid	Ask
EURUSD	1.1361	1.1361
USDJPY	109.65	109.65
GBPUSD	1.2864	1.2865
AUDUSD	0.7147	0.7148
